## PLEASE, MR. THIGPEN

Continued from Page 1

We sympathize with their position for we honestly believe the same thing.

Be practical, Hubert, and realize that things are as they are, and not as we'd like them to be. We must face and deal with situations as they exist, and no amount of wishful thinking can erase a record or a condition that is.

Please realize that all of us would like it otherwise. Please understand also that all members of the board have expressed complete confidence in you personally, and would unanimously elect you to the position as chairman and thereby immediately bring the critically needed harmony to your board which you say, and we ALL agree, is so badly needed.

You, you yourself, Hubert, hold the key which will immediately bring the harmony you and we all know the hospital needs.

Haas, you also know, never can.

With the confidence your other board members and we all place in you, please understand, that to refuse would be, in our opinion, an avoidance of a public obligation.

The hospital will never need your service more critically than it does now. Your refusal might well spell its doom.

What, for example, would be the result if the other three officers of your board took the same position and refused to serve also? Please accept the obligation on behalf of your community.

## HOSPITAL BOARD.

Continued from Page 1

he was "offered Mr. Reboul's job."

Sam Favre, attorney for the board, questioned him saying, "By whom? I never heard you nominated."

Judge Selph replied, "I know, but I was offered the job."

Favre stated further, "Let's have everything done in an official meeting. That's the only place a board member can act."

Reboul stated that his job as treasurer had taken a lot of his time, but that he had done it as he considered it a civic duty. However, he stated that he felt that one of the others should take the job for a while.

Thigpen then declared that he thought that Reboul had done a fine job as treasurer and should be kept in that position for the coming year.

Haas then suggested, "Let's let things ride for thirty days."

Favre questioned Haas asking if he would accept Thigpen as president.

Haas stated that he would. Favre then asked him if he would accept Mrs. Ward and he stated that he would not.

Favre then asked Thigpen to please consider taking the position since he felt it would restore harmony and public confidence in the board if he would accept.

At this point Judge Selph asked, "Why do you want to get Haas out?"

Favre said, "No one wants to get Haas out we're only trying to get harmony and would have it with Thigpen."

Haas again asked to let everything ride for thirty days but Pepperdine said that he did not see where anything would be gained by that.

Haas stated, "We may have a full membership by then and the vote won't be a tie."

Frank Shaw, the seventh member of the board, was absent from this meeting.

After a few more attempts to draft Thigpen, Haas stated, "I'll make the ruling that things stand as is until the next meeting."

The meeting was adjourned.

## Ladner Warns Against School Bus Violation

Sheriff Sylvan J. Ladner, who has been known to return a motorist more than 50 miles in the scene of a school bus violation.

School zones are clearly marked throughout Mississippi and in most areas the posted speed is 15 miles per hour.

Mississippi law forbids a motorist to pass a school bus stopped for the purpose of discharging or receiving passengers.

Normally low speeds are used by the buses and motorists should use the sight of the yellow vehicle as a sign for caution, the officials emphasized.

Sheriff Ladner called attention to the stiff penalties which can be imposed on violators. Fines ranging from \$10 to \$100 and/or jail sentences can be meted out to guilty motorists.

## Civil Defense Meeting Set

County and municipal officials from six South Mississippi counties have been called to a Civil Defense meeting in Gulfport, Thursday, September 18, to hear a presentation of Mississippi's plan for survival in the event of a nuclear attack.

A special state Civil Defense staff which recently completed a detailed plan will outline the responsibilities of Pearl River, H a n c o c k, Stone, Harrison, George, and Jackson Counties, and the city of Gulfport, which would be evacuated.

A copy of this report be furnished to the Grand Jury which shall convene at the March Term, 1959, in order that that body may investigate the conditions which we have set forth herein to see whether or not they have been corrected.

We wish to express our appreciation to the Sheriff, his Deputies and the County officials and to the District Attorney for their assistance during the course of our deliberation.

And now, having concluded our labors, we beg to stand finally discharged.

Present tax collections are on the increase. The collections for the biennial period 1956-58 amounted to nearly 19 million dollars over the previous biennial period of 1954-56.

The Auditor points out that in the first two months of the current 1958-60 biennial period, state tax collections ran a million dollars more than for the same two months of 1957.

"The continuing trend in tax collections shows that a huge surplus is in the making with taxpayers' money that should be in the taxpayers' pockets," said Golding.

The State Auditor remains according to its own report at the beginning of the 1956 biennium, stated to there would be no surplus July 1, 1958, but rather the State Treasury would be over 4 million dollars in the "red."

With a 30 million dollar surplus on hand to start with, together with present tax collections, it is obvious at this time that no new taxes were needed to finance the State's operations for the years 1958-60.

### INEZ MORAN HONORED THURSDAY MISCELLANEOUS SHOWER IN GULFPORT

A miscellaneous shower last Thursday night at the West Side Community House in Gulfport was given in honor of Miss Inez Moran, daughter of Mr. and Mrs. Sylvester Moran, by Mrs. Edward Hatem and Mrs. Delbert Ziemke.

Miss Moran is the bride-elect of Tracey Smith.

A color scheme of pink and green was used in decorations in the reception room of the center. Pink summer flowers mingled with greenery were used in several arrangements to adorn the room.

The bride-elect chose for the occasion a pink chemise model accented with navy blue and white accessories.

She was presented a corsage of white aster blooms by her hostesses.

Her mother chose a summer cotton printed with blue and white checks and Mrs. Homer Rose, mother of the bridegroom to be, selected a tan cotton. They both were presented white aster corsages also.

The gifts for the honoree were placed on a table covered with white lace and were displayed after she opened them.

A number of games were played and prizes were won by Miss Beverley Mauffray, Mrs. Molly Shaw and Miss Margaret Ann Hatem. They in turn presented the prizes to Miss Moran.

The refreshments were served from a table centered with a pink cake and covered with a white imported linen cloth. Crystal candelabra holding white tapers were placed on either side of the cake and crystal punch bowls at either end. Other appointments holding nuts and mints were also in crystal.

About 33 guests attended the affair, one of several planned for Miss Moran.

But sometimes the unusual happens! The widespread destruction caused by a catastrophic fire, explosion or windstorm can bring a sudden drain upon the resources of insurance companies.

Anticipating such disasters, leading capital stock insurance companies maintain reserves—built up over the years by careful conservation of resources.

For your security and peace of mind, make certain your protection is in sound capital stock insurance companies with sufficient reserves to meet all just claims through war, depression or disaster. We represent such companies.
